2. **Consultation and site evaluation:** We arrange a professional consultation, which may include an on-site visit or virtual meeting, to evaluate client requirements, conduct precise measurements, and discuss available product options.
3. **Quotation:** A detailed quote is provided, outlining agreed products, installation cost, and estimated timeline of works.
4. **Order Confirmation:** Customers confirm their selection, specify finishes and colours, and render a deposit payment to secure booking.
5. **Scheduling of Installation:** The installation appointment is scheduled, and clients receive pertinent instructions concerning preparation and anticipated duration of works.
6. **Professional Installation:** Certified technicians undertake the installation of the door, strictly adhering to safety regulations and ensuring optimal functionality.
7. **Post-Installation Inspection and Client Briefing:** A thorough inspection is conducted upon completion, during which operation and maintenance procedures are demonstrated to the customer and warranty documentation is provided also.
8. **Ongoing Support and Aftercare:** Customers have access to continuous support services, including maintenance, repairs, and technical assistance as required.
